

Breathe easy with 3M respiratory protection

3M have respirators that fit well, are comfortable and provide the protection you need. Their disposable respirators are compatible with eyewear and hearing protection products from 3M. Additionally, their disposable respirators meet the performance requirements of AS/NZS 1716:2012 'Respiratory protective devices'.

To achieve the assigned protection of a tight fitting face-piece there must be a good seal between the edges of the respirator and your face. Conducting a fit test to AS/NZS 1715:2009 is considered best practice as part of a general respiratory protection program.

Economical Earmuffs, Foldable	5	1-128-153

RESPIRATORS - DISPOSABLE

3M CUPPED PARTICULATE RESPIRATOR 8710

- Lightweight construction for added comfort and increased wear time
- Galvanised steel nose clip for use in intrinsically safe environments
- Adjustable nose clip helps reduce eyewear fogging
- Suitable for sawing, drilling, sweeping, copy lathing

Description	Class Exhalation Valve	Code
Cupped Particulate Respirator	P1 Non-Valved	1-128-199

3M CUPPED PARTICULATE RESPIRATOR VALVED 8812

- Lightweight construction for added comfort and increased wear time
- Galvanised steel nose clip for use in intrinsically safe environments
- Adjustable nose clip helps reduce eyewear fogging
- Suitable for sawing, drilling, sweeping, copy lathing
- Proprietary 3M Cool Flow exhalation valve helps to breathe easier during prolonged wear

Description	Class Exhalation Valve	Code
Cupped Particulate Respirator	P1 Valved	1-128-202

3M FLAT FOLD PARTICULATE RESPIRATOR 9312:P1

- Unique 3-panel design fits a wide range of face sizes
- Low profile provides good field of vision
- Proprietary 3M Cool Flow exhalation valve reduces heat and moisture build-up, making breathing easier
- Individually packaged for portability in the workplace
- Suitable for grinding, sanding, machining, wood-turning, routing

Description	Class Exhalation Valve	Code
Flat Fold Particulate Respirator	P1 Valved	1-128-201

3M PARTICULATE RESPIRATOR WITH NUISANCE LEVEL* ORGANIC VAPOUR RELIEF 9923V:P2, VALVED

- Activated carbon layer provides protection against nuisance levels* of organic vapours and odours
- Traditional cupped design for robust and durability
- Suitable for working with MDF board, solvent cleaning, polishing, waste disposal & recycling

*Nuisance levels are those levels below the Workplace Exposure Standard (WES)

Description	Class Exhalation Valve	Code
Particulate with Nuisance Level* Organic Vapour	P2 Valved	1-128-203

RESPIRATORS - REUSABLE

3M HALF FACE RESPIRATOR 6200

- Simple and lightweight reusable respirator
- Thermoplastic Elastomer (TPE) facepiece
- Cradle head harness and easy to fasten neck strap
- Low profile and well balanced twin cartridge and filter
- For use with 3M 2000, 5000 and 6000 series cartridges and filters (sold separately)
- Size: Medium
- Complies with AS/NZS 1716:2012

Description	Code
Half Face Respirator Only	1-128-172

3M HALF FACE RESPIRATOR 7502

- Soft silicone material for extra comfort and durability
- Cool Flow Exhalation valve and design helps reduce fogging when wearing eye protection
- Low profile and well balanced twin cartridge and filter design
- For use with 3M 2000, 5000 and 6000 series cartridges and filters (sold separately)
- Size: Medium
- Complies with AS/NZS 1716:2012

Description	Code
Half Face Respirator Only	1-128-170

GP2 PARTICULATE DISC FILTER 2128

- Provides protection against dusts, mists, fumes and nuisance levels of organic vapours
- Tested and meets specifications to AS/NZS 1716:2003 Class GP2
- To be used with 1-128-172 and 1-128-170
- Bayonet fitting, no retainer required

Description	Code
GP Particulate Disc Filter	1-128-190

1-128-185

1-128-175

COMBINED P2 PARTICULATE PLUS A1 GAS & VAPOUR PROTECTION

Features:

- A1 for protection when cleaning with or using organic solvents, e.g. paint thinners, lacquers and adhesives
- P2 protection against dusts and mists, for use with Half Face Respirators
- Use 1-128-180 to attach filters to Half Face Respirators simultaneously

Filter Rating	Code
A1	1-128-185
P2	1-128-175

FILTER ADAPTOR 501A

- Use to attach filters 1-128-175 and 1-128-185 to Half Face Respirators

Description	Code
Filter Adaptor	1-128-180

EYE & HEAD PROTECTION

3M MAXIM GT SERIES

- Lightweight elastomeric browguard, wrap around lens with anti-fog coating
- Dual injected brow bar and temples for style and comfort
- 3 position lens adjustment and adjustable temple lengths
- AS/NZS 1337.1 medium impact

Description	Colour	Code
Anti Fog/Hard Coat	Clear	1-128-139

3M VIRTUA AP SERIES

- Sleek unisex styling, lightweight, comfortable
- Wrap around polycarbonate lenses and integral side shields to provide comfortable fit and ultimate protection
- Lenses deliver greater than 99% UV protection
- AS/NZS 1337.1 medium impact

Description	Colour	Code
