

Hera[®]

Light Years Ahead.

Warranty declaration

Our reputation is built on delivering valuable and reliable lighting solutions for the furniture industry. It demonstrates our commitment to innovation and quality in every aspect of our business. We create assets that benefit all: our customers as well as our Stake-/Shareholders.

Two Years Warranty

Hera products are warranted for two years according to our international terms of trade. This Warranty does not cover repairs or replacements free of charge or refund of the purchase price for products with faults due to improper use and not respecting that stated in the user's manual accompanying the product at the time of sale, or due to lightning, weather phenomena, over voltages and over currents, insufficient or irregular electric power supply, incorrect use or non-compliance with the technical and/or safety requirements in the country where the appliance is used.

For our customers' benefit, the Hera quality management system is certified according to DIN EN ISO 9001:2000.

We based our professional ethics on the principle of sustainable development. For us sustainable enterprise means combining economic success with environmental protection and social responsibility, thus contributing to a future worth living for coming generations. Hera aims for ISO 14000 in 2010.
